|      |                                   |
|------|-----------------------------------|
| QP 1 | Silverskin on                     |
| QP 2 | Fat seam above eye muscle removed |

**Butchery Specification**

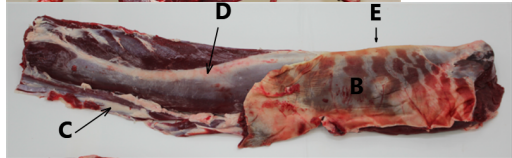

|                   |   |
|-------------------|---|
| Specification     | LOIN BONELESS SILVERSKIN ON   |
| Sales Description | The eye of the bone-in loin removed in one piece, removed of all surface fat leaving the silver skin in situ. |

Preparation Items

- The loin is to be marked off at the top of the second rib counting from the neck end (A) during the shoulder removal process

- The fat cap (B) is to be removed
- The side chain is to be removed (C)
- The fat seam above the eye muscle is to be bevelled, attention to detail is required to avoid cutting into the loin (D)
- The gristle edge of the loin is to be removed so the back fat can be released correctly (E)

- Final Product
