COOKING INSTRUCTIONS	SUSHI Cut the sheet in half and place it shiny side up. The sheets will become moistened when the cooked rice is placed on them. To complete the roll, moisten the end of the sheet to make it sticky and seal it.	
	VEGETABLE PASTA Moisten the sheet with misted water so it becomes sticky. Afterwards, wait until dry before separating it. To make thicker sheets, the shiny/sticky sides of two sheets can be joined together. Proceed to cut the sheet in the shape of the type of vegetable pasta desired (spaghetti, tagliatelle, lasagna, etc...). The final texture will be the result of the heat and moisture of the kinds of sauce that are used. IMPORTANT: Do not boil.	
	STUFFED PASTA Moisten the sheet with misted water so it becomes sticky. Afterwards, wait until dry before separating it. Use stuffing or filling that is low in moisture. The final texture will be the result of the heat and moisture of the kinds of sauce that are used. IMPORTANT: Do not boil.	
	FRYING Place the sheet in the fryer at 170°C for 5 to 10 seconds. Immediately after frying, place on an absorbent paper towel to quickly drain the oil. While still warm, mold it into shape, and then wait for it to cool.	
	OVEN Prepare the sheet by spraying it with oil and then place it in the oven at 105 to 150°C for 5 to 10 seconds. Fresh out of the oven, and while warm, mold it into shape and wait for it to cool.
